

MW Component DBA Ideal Fasteners

Re: Ideal Fasteners' Updated ITAR Registration Code (M22351)

Dear Customer:

On December 10, 2021, Ideal Fasteners, Inc. ("Ideal Fasteners"), sold substantially all of its assets (the "Transaction") to Matthew Warren, Inc., a Delaware corporation and wholly-owned subsidiary of MW Industries, Inc., a Delaware corporation ("MW"). The pre-Transaction business of Ideal Fasteners is continuing under MW's management.

In connection with the Transaction, Ideal Fasteners and MW notified the Directorate of Defense Trade Controls (the "DDTC") of the Transaction, pursuant to Section 122.4 of the International Traffic in Arms Regulations ("ITAR"), in order to make a required update in connection with Ideal Fasteners' and MW's ITAR registrations. As such, Ideal Fasteners' previous ITAR registration code (M28562) expired pursuant to the Transaction and is no longer in use. All continuing business operations related to Ideal Fastener's ITAR registration code fall under MW's ITAR registration code (M22351), which expires on February 28, 2022. Ideal Fasteners and MW have made all necessary filings with the DDTC to effect such changes, and MW will make all necessary filings with the DDTC to renew its ITAR registration code.

Please contact [MW/IDEAL CONTACT] with any further questions related to this matter.

Sincerely,
