California Proposition 65 Statement

April 9, 2020

Proposition 65, also known as The Safe Drinking Water and Toxic Enforcement Act of 1986, requires businesses to provide warnings on/with their products about significant exposures to chemicals that cause cancer, birth defects or other reproductive harm. By law, a warning must be given for Prop 65 listed chemicals that are known to the State of California to cause cancer and/or birth defects/reproductive toxicity. An exemption from the warning requirement is provided by the Act when it can be demonstrated that product exposure is at or below “safe harbor levels”; that is, the levels pose no significant risk of cancer or birth defects/reproductive harm.

The Prop 65 list of chemicals is available from the following website: <https://oehha.ca.gov/proposition-65/proposition-65-list>. According to the January 3, 2020 Proposition 65 List, there are over 1000 chemicals listed that are known to the State of California to cause cancer, birth defects or other reproductive harm. Century Spring Corp., with the support of Intrinsk Ltd, has thoroughly reviewed and assessed the impact of the listed chemicals on our products. The assessment was prepared in accordance with Cal/EPA and complies with Cal/EPA’s Proposition 65 Regulation. Based on the study, Century Spring Corp. has made the following conclusions. Exposure levels for cadmium in one of our coatings were calculated and were found to potentially exceed the Proposition 65 cadmium maximum allowable dose level. Therefore, a Proposition 65 warning will be attached for the springs containing cadmium coating/plating.

The following warning label is applied for the cadmium-plated springs packaging:

⚠ WARNING: This product can expose you to Cadmium, which is known to the State of California to cause birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

Century Spring Corp will continue to monitor our compliance to the Prop 65 list and as always, strive for excellence in providing our customers with a high-quality product. Additional information concerning Prop 65 can be found at the following web sites: <https://www.p65warnings.ca.gov/> and <http://www.oehha.ca.gov/prop65.html>. If you have any questions or concerns, please feel free to contact us at 1-800-237-5225 or email us at info@centuryspring.com.
